PROFESSIONAL EXPERIENCE

Shipping / Receiving Team Lead

Lactalis Canada — Oshawa, ON | June 2025 – Present

- Use SAP daily for inventory transactions, order processing and stock reconciliation; investigate and correct system-vs-physical discrepancies.
- Coordinate inbound/outbound dock schedules and keep shipment records accurate and up to date for on-time fulfillment.
- Train and support team members on scanners, system steps and safe work procedures; first point of contact when a process or device is not working.
- Perform basic checks on equipment and devices and escalate faults quickly to limit downtime.

Warehouse Associate

Sobeys Warehouse — Whitby, ON | August 2018 – March 2025

- Worked in SAP, ServiceMax and InfoLog WMS with RF scanners to receive, locate, pick and ship product in a high-volume grocery DC.
- Tracked inventory and cleared discrepancies in the system, maintaining accurate stock data across shifts.
- Followed documented procedures and safety checks; consistently met accuracy and productivity targets for 6+ years.

Inventory Associate (Part-Time)

Walmart — Oshawa, ON | August 2022 – September 2024

- Monitored inventory levels and stock rotation; flagged inventory issues early and supported replenishment.
- Balanced part-time retail shifts with a full-time warehouse role and college studies.

Seeking entry-level IT Support / Help Desk / Desktop Support / QA / Data roles
